SafeWalk

Internet-Researched Real-World Datasets & Official Data Compilation

Hyderabad / Telangana focus • prepared for SafeWalk route-safety context development

This PDF compiles structured, source-grounded information found on official government / police / transport / Open Government Data pages during the web research session. It is not a claim that every dataset or every incident on the internet has been captured.

Major dataset sections: waterlogging locations • metro stations • street-light infrastructure • CCTV/surveillance indicators • road-accident data sources • administrative/geographic context.

1. Waterlogging Locations — GHMC Official Dataset

GHMC publishes a document titled “Major-Water Logging Places (116) in GHMC Area of Hyd. Traffic Police Limits.” The source contains 116 listed locations and alternative-route information. The table below preserves the location identifiers and circle numbers as published; it does not invent latitude/longitude.

ID	Waterlogging location	GHMC Circle
1	YMCA Flyover starting & ending opp DCP office	30 (old 18A)
2	Old Gandhi Hospital	30 (old 18A)
3	In front of Nissan Show Room, SP Road	30 (old 18A)
4	Bombay Hotel, Ranigunj X Road	30 (old 18A)
5	Ranigunj Depot, near Karbala Junction	30 (old 18A)
6	P&T Flyover ending in front of Nandini Hotel	30 (old 18A)
7	C.T.O Junction	30 (old 18A)
8	MG Road, Gandhi Statue	30 (old 18A)
9	Rocha Bazar towards Ranigunj	30 (old 18A)
10	Panjagutta Starting Flyover	17 (old 10A)
11	Venkat Plaza, opposite Joy Alukas Showroom, Panjagutta	17 (old 10A)
12	Delhi Wala Sweet House towards Shalimar Junction	17 (old 10A)
13	Ameerpet near Charmas	17 (old 10A)
14	NIMS Hospital	17 (old 10A)
15	Ansar Manzil, opposite More Super Market	17 (old 10A)
16	Panjagutta X Road, near Masjid	17 (old 10A)
17	Near CM Camp Office	17 (old 10A)
18	Near Lal Banglow, DK Road	17 (old 10A)
19	More Jewellers, Panjagutta	17 (old 10A)
20	Sheesh Mahal Theater, Ameerpet	17 (old 10A)
21	D.G.P Residence, Kundhan Bagh	17 (old 10A)
22	Maithrivanam Junction / Madura Nagar	17 (old 10A)
23	Near Harsha Mess	17 (old 10A)
24	Satyam Theatre Diversion	17 (old 10A)
25	Near Chest Hospital	19 (old 10C)
26	Opp. Mental Hospital	17 (old 10A)
27	Between S.R. Nagar Community Hall and L&O PS S.R. Nagar	17 (old 10A)
28	Prime Hospital, near Mythrivanam	17 (old 10A)
29	Vengal Rao Nagar	19 (old 10C)
30	Balkampet Petrol Pump	17 (old 10A)
31	Showrya Bhavan Junction	18 (old 10B)
32	Road No. 10C	18 (old 10B)
33	Road No. 1, Jubilee Hills, opposite Balakrishna residence	18 (old 10B)
34	Sri Chaitanya Jr College near BVBP Junction	18 (old 10B)
35	Road 10 opposite Apple Bee School	18 (old 10B)
36	Poorna Junction	19 (old 10C)
37	Green Bawarchi Hotel towards Srinagar Colony, in front of Vinflora Hotel	19 (old 10C)
38	KBR Park near Cream Stone, Banjara Hills	18 (old 10B)
39	Road No. 12, Banjara Hills, opposite Traffic PS	18 (old 10B)
40	Before VLCC Bus Stop towards Orissa Island	18 (old 10B)
41	TRS Bhavan	18 (old 10B)
42	In front of Cinemax Theatre parking/open land	18 (old 10B)
43	Venkateshwara Hotel to HDFC Bank	17 (old 10A)
44	Intelligence Office New Bridge turning, Lakdikapool	12 (old 7A)
45	Old PS Saifabad, Khairtabad	17 (old 10A)
46	Shadan College, Khairtabad	17 (old 10A)
47	Telugu Talli (Medicity Hospital)	17 (old 10A)
48	In front of IMAX Theatre	17 (old 10A)
49	King Koti X Road	14 (old 8)

ID	Waterlogging location	GHMC Circle
50	Near BJP Office, Nampally	12 (old 7A)
51	Near KLK Building towards Red Rose, opposite Uday Omni Hospital	14 (old 8)
52	Nizam Law College up to Basheerbagh Temple	14 (old 8)
53	Near BJR Statue	14 (old 8)
54	Opposite Axis Bank, near Cafe Bahar	16 (old 9B)
55	Near Lokayukta Office, Basheerbagh	14 (old 8)
56	Near Swadish Hotel, Basheerbagh	16 (old 9B)
57	Telugu Academy	16 (old 9B)
58	Hyderguda Petrol Pump	16 (old 9B)
59	Narayanguda X Roads to Rathnabhavan Hotel	16 (old 9B)
60	Street No. 6 KFC	16 (old 9B)
61	Galaxy Hotels	16 (old 9B)
62	CP Office towards Cafe Bahar Hotel	16 (old 9B)
63	Narayanguda Flyover down (due to road damage)	16 (old 9B)
64	Rajmohalla Darga	16 (old 9B)
65	Street No. 5, Himayath Nagar	16 (old 9B)
66	MRO Office, Lower Tank Bund	15 (old 9A)
67	Metro Line near Raja Deluxe Theatre	15 (old 9A)
68	Engine Bowli X Road	10 (old 5B)
69	Old Chandrayangutta	9 (old 4C)
70	MBNR X Road	9 (old 4C)
71	Royal Sea Hotel, Santosh Nagar	6 (old 4A)
72	Hashamabad	9 (old 4C)
73	Dabirpura Kaman towards landing of Dabirpura Bridge	6 (old 4A)
74	Champapet, opposite D-Mart / Indian Petrol Pump	4 (old 3B)
75	S.J. Rotary towards APAT Junction	6 (old 4A)
76	Puranapool Graveyard	9 (old 5A)
77	Hasan Nagar	11 (old 6)
78	Near ENT Hospital, Bank Street	14 (old 8)
79	Near Central Bus Station	14 (old 8)
80	Bademiya Petrol Pump	14 (old 8)
81	Opposite Samsung Showroom to City Life Furniture Shop, Nalgonda X Roads	6 (old 4A)
82	In front of Malakpet L&O PS	6 (old 4A)
83	Starting of Moosarambagh Moosi Bridge and on the bridge	6 (old 4A)
84	Classic Ice Cream to opposite Orient Medicals, Malakpet Junction	6 (old 4A)
85	Opposite Shiva Ganga Theatre, Gaddiannaram	5 (old 3C)
86	Malakpet T Junction	6 (old 4A)
87	Akshya Hotel	6 (old 4A)
88	Bajaj Electronic Showroom, Malakpet Main Road	6 (old 4A)
89	RTA Moosarambagh	6 (old 4A)
90	Railway Degree College	29 (old 18B)
91	Hotel Pizza & Bakers near Vidya Nagar	15 (old 9A)
92	Road No. 6, Amberpet	16 (old 9B)
93	In front of Amberpet L&O PS	16 (old 9B)
94	Syndicate Bank beside J.D. Electronics	16 (old 9B)
95	Tilak Nagar Junction free left near Hero Showroom	16 (old 9B)
96	Nimboli Adda	16 (old 9B)
97	Puranapool, Gandhi Chowk	14 (old 8)
98	M.J. Market in front of Bilal Ice Cream	14 (old 8)
99	Taxi Stand, Nampally	12 (old 7A)
100	Ek Minar Diversion	12 (old 7A)
101	PCR X Road, Nampally	14 (old 8)
102	In front of Brilliant Grammar School, near NMDC	12 (old 7A)
103	Near Pillar No. 2 & 3, Humayun Nagar	12 (old 7A)
104	Near Pillar No. 23, beside defence boundary wall	12 (old 7A)

ID	Waterlogging location	GHMC Circle
105	Mehdipatnam near Chilla	12 (old 7A)
106	Meraj Cafe to Chilla Road	12 (old 7A)
107	Labour Adda, Vijayanagar Colony	12 (old 7A)
108	Asifnagar X Roads near Petrol Bunk	12 (old 7A)
109	Mallepally Junction	12 (old 7A)
110	Flyover ending point near NMDC	12 (old 7A)
111	Yadav Bhavan Hotel X Road, Gudimalkapur	12 (old 7A)
112	Seven Tombs Road between Satya Colony and Shaikpet Nala, near Aditya Apartment	18 (old 10B)
113	Ramdevguda abutting Military compound wall	18 (old 10B)
114	Deccan Park, Golconda	13 (old 7B)
115	Bharath Petrol Pump, Shaikpet Narayanama College towards Shaikpet	18 (old 10B)
116	Bapuji Ghat Y Junction	13 (old 7B)

2. Hyderabad Metro — Station Dataset

The Hyderabad Metro Rail network map lists the current three operational lines and their stations. These names can be used as a transport-context dataset and matched against routes generated by SafeWalk.

Line	Station No.	Station
Blue	1	Nagole
Blue	2	Uppal
Blue	3	Stadium
Blue	4	NGRI
Blue	5	Habsiguda
Blue	6	Tarnaka
Blue	7	Mettuguda
Blue	8	Secunderabad East
Blue	9	Parade Ground
Blue	10	Paradise
Blue	11	Rasoolpura
Blue	12	Prakash Nagar
Blue	13	Begumpet
Blue	14	Ameerpet
Blue	15	Madhura Nagar
Blue	16	Yousufguda
Blue	17	Jubilee Hills Check Post
Blue	18	Road No.5 Jubilee Hills
Blue	19	Peddamma Gudi
Blue	20	Madhapur
Blue	21	Durgam Cheruvu
Blue	22	HITEC City
Blue	23	Raidurg
Red	1	Miyapur
Red	2	JNTU College
Red	3	KPHB Colony
Red	4	Kukatpally
Red	5	Dr. B. R. Ambedkar Balanagar
Red	6	Moosapet
Red	7	Bharat Nagar
Red	8	Erragadda
Red	9	ESI Hospital
Red	10	S.R. Nagar
Red	11	Ameerpet
Red	12	Punjagutta
Red	13	Irrum Manzil
Red	14	Khairatabad
Red	15	Lakdi-ka-pul
Red	16	Assembly
Red	17	Nampally
Red	18	Gandhi Bhavan
Red	19	Osmania Medical College
Red	20	MG Bus Station
Red	21	Malakpet
Red	22	New Market
Red	23	Musarambagh
Red	24	Dilsukhnagar
Red	25	Chaitanyapuri
Red	26	Victoria Memorial
Red	27	L B Nagar
Green	1	JBS Parade Ground

Line	Station No.	Station
Green	2	Secunderabad West
Green	3	Gandhi Hospital
Green	4	Musheerabad
Green	5	RTC X Roads
Green	6	Chikkadpally
Green	7	Narayanaguda
Green	8	Sultan Bazaar
Green	9	MG Bus Station

3. Street-Light Infrastructure — GHMC Official Statistics

GHMC's Electrical Wing page reports city street-light infrastructure. The figures are infrastructure statistics, not a street-by-street darkness dataset; they should therefore be used as background/coverage evidence rather than as proof that an individual road is illuminated.

Field	Official value
Street lights maintained	4,65,043
Street-light poles	3,37,878
TSSPDCL poles	2,52,509
GHMC poles	78,838
GHMC mini/high masts	6,531
Maintenance coverage	5 Zones / 150 Wards
Maintenance agencies	57 labour contract agencies
Ladder vehicles	13
Street-light energy consumption (2016-17)	240.80 million units
R&M expenditure (2016-17)	Rs. 38.5 crore

Source: GHMC Electrical information page. ■cite■turn1search26■

GHMC's 2024-25 budget also reports Rs. 212.69 crore spent on street-light maintenance in FY 2022-23 and an estimated Rs. 255 crore for FY 2024-25. ■cite■turn1search29■

4. CCTV / Surveillance Indicators — Hyderabad City Police

Official police sources provide city-level surveillance statistics and examples of community CCTV deployments. These are useful for a SafeWalk evidence layer, but they are not a complete public coordinate list of every camera.

Indicator	Value
Project NenuSaitham — total installed (2022 annual report)	4,77,104
Community CCTV Cameras — total installed	10,675
Safe & Smart City Project (HCS & ITMS) — total	5,520
Safe City Project (Nirbhaya) — total	974
Total project cameras reported	4,94,273
NenuSaitham installed during 2022	45,837
Community CCTV installed during 2022	265
Safe & Smart City installed during 2022	886
Nirbhaya installed during 2022	974
CCC analytics: crowding events (2022)	36,542
CCC analytics: loitering events (2022)	221
CCC analytics: stopped-vehicle events (2022)	5,461
CCC analytics: unidentified-object events (2022)	2,542

Sources: Hyderabad City Police Annual Report 2022 and official police IT/CCTV pages. ■cite■turn0search69■turn0search3■

Example deployment: West Zone/KBR Park and nearby hotspots had a community surveillance network of 264 cameras announced in July 2023. ■cite■turn0search68■

5. Road-Accident Data Available Through Government Open Data

The Government of India Open Government Data platform provides accident datasets that can be used as a historical road-risk context layer. The available 2023 NCRB/ADSI resources include city/state-wise counts by month, time of occurrence, and cases/injuries/deaths. The platform also exposes older road-accident datasets such as 2019 and 2020.

Dataset	Coverage / use
Road Accidents in India 2019	State/UT-wise annual accident indicators; OGD resource
Road Accidents in India 2020	Total accidents, persons killed/injured and related indicators
ADSI 2023 — traffic accidents by month	State/UT/City-wise monthly occurrence
ADSI 2023 — traffic accidents by time	State/UT/City-wise time-of-occurrence
ADSI 2023 — cases/injuries/deaths	State/UT/City-wise reported cases, injured and died
ADSI 2023 — 2022 vs 2023	State/UT/City-wise cases and percentage change

Sources: Open Government Data / NCRB ADSI resources. ■cite■turn1search2■turn2search1■turn2search2■turn2search0■

6. Administrative / Geographic Context

SafeWalk should keep administrative boundaries separate from safety claims. They are useful for joining datasets by district/zone/circle/ward and for filtering map evidence.

Field	Value
GHMC area (RTI/at-a-glance source)	625 sq km
Election wards	150
Road length reported in source	3,928 km
CC + BT roads	4,173 km
Other roads	999 km
Total road figure reported	9,100 km
Geographical spread named by GHMC source	Hyderabad, Rangareddy, Medchal & Sangareddy
Current HMR expansion order (2025)	HMR area about 10,472.723 sq km; 1,355 revenue villages / 104 mandals / 11 districts

Sources: GHMC at-a-glance / RTI information and HMDA official site. ■cite■turn1search27■turn1search7■

7. Data-Use Notes for SafeWalk

Recommended database treatment: keep each source as its own table; preserve source year and URL; never fabricate coordinates; geocode only when a reliable coordinate source is available; keep official infrastructure statistics separate from incident-level evidence; and label old/dated waterlogging lists as historical until refreshed.

Important limitation: this is a web-researched compilation, not a claim of “all internet data.” Public datasets are fragmented, some government resources are aggregate rather than coordinate-level, and some sources are historical. For production use, each record should retain source URL, source date/year, and a verification status.

Most directly usable new dataset for SafeWalk: the 116 GHMC waterlogging locations. Transport context can be built from the metro station list. Streetlight/CCTV material is currently stronger as city-level infrastructure evidence than as a complete point-by-point map layer.
